Delphi Display Systems designs and manufactures the industry's most reliable and rugged outdoor digital displays and is an approved CKE provider for drive-thru Order Confirmation Systems (OCS). Delphi OCSs are installed in approximately 2,500 Carl's Jr. and Hardees's locations. Delphi's OCS is readable in direct sunlight. Our unique Thermal Management System allows the OCS to operate reliably in harsh environments, even extreme hot and cold temperatures. Our Order Confirmation Systems are energy efficient, green, and made in America. Delphi provides turnkey site preparation and installation services nationwide and 24/7 customer service to all our Carl's Jr. and Hardee's clients
