A technology pioneer founded in 1971, HME was the first to develop the wireless headset for the drive-thru and the intercom system for the pro audio industries. We have installed over 50,000 systems, providing the most comprehensive and customer-focused solutions to businesses worldwide. HME is a customer-driven, innovative technology company focused on enhancing productivity and customer service for the quick service restaurant and pro audio markets. HME's groundbreaking innovations, passion for excellence, and commitment to service have earned us the distinction of being the leader in communication and drive-thru timing technologies.
