SynqSolutions specializes in serving a Fortune 500 client base with business communications solutions. By utilizing state-of-the-art custom built technology, we provide a wide range of products and services, which include: demand printing, variable data printing, point-of-purchase production, multimedia services, inventory management, fulfillment and distribution. SYNQ specifically supports the Carl's Jr. system with the production, fulfillment and distribution of merchandising materials. SYNQ is proud to be associated with Carl's Jr. and the SFA, and our dedicated staff looks forward to continuing and building our partnership into the coming years.
